

Transition Activity - Treasure Hunt

Ready
Child

Child's Name:

Treasure Hunt Instructions

Find time to go on a treasure hunt.

- 1) Find all of the objects on the list
- 2) Put them into a bag or container
- 3) Talk about the different objects with your family

The treasure we would like you to collect:

• Photo of who you live with (pets included)	• A souvenir from somewhere you have visited
• A map of how to get to school (maybe you could draw one)	• Something you have made
• 5 different types of leaf	• A small toy

Please bring your treasure hunt bag to school with you on your first day. (You will find your start date in the information pack). On your first day, you will have the chance to explore your treasure, share it with your teacher and friends and talk about what you found and where you got it from!
